

Exciting new finishes from Panolam will make your customers' creations even more beautiful and unique.

Beginning July 1, 2016, Panolam® distributors will have an even broader selection of finishes to offer to their design and fabrication customers. From high gloss to super matte, from woodgrains to stones, from leathers to linens, the full line of 20+ finishes allows the ultimate in design flexibility and surface appearance.

As part of this transition, the coding structure for the various options will change slightly to accommodate the broader selections. The finishes, descriptions, and corresponding codes are as follows:

Finish	Description	NEW FINISH CODE	Current NEVAMAR Code	Current PIONITE Code
